CoolTouch Wave is our most popular model. This great all-round kiosk combines ergonomic and original design with unmatched sturdiness.

Basic features include a slick robust metal cabinet, virtually maintenance free industrial grade CPU, 15.1" Touchscreen and a very advanced software package that includes secure browser and remote kiosk management capability.

CoolTouch Wave is your choice if you are looking for a good, reliable kiosk that will be deployed as an information or application delivery channel to a wide range of customers in an efficient and cost-effective way.
